

Agenda

FRIDAY, September 23, 2022

16th Annual Pacific
Psychopharmacology
Conference

| TIME | PRESENTATION TITLE | SPEAKER |
|------|--|---|
| 0730 | Registration Opens Breakfast Available | |
| 0820 | Welcome & Opening Remarks | Randall White, MD, FRCPC |
| 0830 | KEYNOTE: Treating Schizophrenia Better — From Neurobiology to Practice* <i>(In-person & Virtual) — Pinnacle Ballroom</i> <ul style="list-style-type: none">Review the nature of dopaminergic changes in schizophreniaExamine the neurobiology underlying treatment response and resistance <i>*Dr. Howes is delivering this lecture virtually from London, UK.</i> |  Oliver Howes, MRCPsych, PhD, DM, FMedSci <i>Professor of Molecular Psychiatry, Institute of Psychiatry, Psychology, & Neuroscience, King's College London</i> |
| 0915 | KEYNOTE: Emerging Directions in Depression Management <i>(In-person & Virtual) — Pinnacle Ballroom</i> <ul style="list-style-type: none">Adopt a comprehensive approach to assessmentEvaluate the role of emerging technologies in monitoring treatment outcomesBe aware of emerging therapeutic options for 'difficult to treat depression' |  Sidney Kennedy, MD, FRCPC, FRCPsych, FCAHS, FRSC <i>Professor of Psychiatry, University of Toronto; Arthur Sommer Rotenberg Chair in Depression and Suicide Studies, St. Michael's Hospital</i> |
| 1000 | 15-MIN REFRESHMENT BREAK | |
| 1015 | Antipsychotic Related Movement Disorders: An Overview and Update <i>(In-person & Virtual) — Pinnacle Ballroom</i> <ul style="list-style-type: none">Review the different types of movement disorders related to antipsychotic use, including real-life examples and video clipsDiscuss the therapeutic management of antipsychotic related movement disorders, based on evidence-based recommendations from clinical guidelines |  Tamara Pringsheim, MD, FRCPC <i>Professor, Department of Clinical Neurosciences, Psychiatry, and Pediatrics, University of Calgary</i> |
| 1100 | Demystifying Pharmacogenetic Testing for Treatment Planning in Mood Disorders <i>(In-person & Virtual) — Pinnacle Ballroom</i> <ul style="list-style-type: none">Summarize the evidence related to pharmacogenetic testing in mood disordersIdentify care situation where pharmacogenomics testing could be usefulCritically assess the content, analytical, and clinical validity of a pharmacogenomic test |  Chad Bousman, MPH, PhD <i>Associate Professor, Department of Medical Genetics, University of Calgary; Head, Psychiatric Pharmacogenomics (PsychPGx) Lab</i> |
| 1145 | 75-MIN LUNCH BREAK | |
| 1300 | CONCURRENT SESSION 1: | |
| | 1A) Practical Tips to Assess Antipsychotic Related Movement Disorders for both In-person and Virtual Visits <i>(In-person & Virtual) — Ballroom II</i> <ul style="list-style-type: none">Learn how to perform the Extrapyramidal Symptom Rating Scale correctly and with confidenceImprove identification of antipsychotic related movement disorders through review of video clips |  Tamara Pringsheim, MD, FRCPC <i>Professor, Department of Clinical Neurosciences, Psychiatry, Pediatrics and Community Health Sciences, University of Calgary</i> |
| | 1B) The Treatment of Adult ADHD in the Context of Stimulant Use and Psychosis <i>(In-person & Virtual) — Ballroom I</i> <ul style="list-style-type: none">Examine the performance enhancing nature of stimulant medicationReview the process of diagnosing and treating adult ADHDCompare the relationship between stimulants and psychosisDiscuss how to treat psychosis in those with stimulant use disorder |  Nickie Mathew, MD, ABPN, FRCPC, ABPM <i>Clinical Associate Professor, Department of Psychiatry, UBC; Medical Director, Complex Mental Health and Substance Use Services, PHSA</i> |
| | 1C) Navigating Pharmacogenomic Online Resources <i>(In-person Only) — Port of Vancouver</i> <ul style="list-style-type: none">Identify key pharmacogenetic online resourcesUse pharmacogenetic online resources in clinical care situations |  Chad Bousman, PhD, MPH <i>Associate Professor, Department of Medical Genetics, University of Calgary; Head, Psychiatric Pharmacogenomics (PsychPGx) Lab</i> |

Agenda

FRIDAY, September 23, 2022

| TIME | PRESENTATION TITLE | SPEAKER |
|------|---|--|
| 1345 | 15-MIN REFRESHMENT BREAK | |
| 1400 | CONCURRENT SESSION 2: | |
| | 2A) Lessons from a QI Approach to Community Clozapine Challenges in Vancouver <i>(In-person Only)</i> — Port of Vancouver <ul style="list-style-type: none">Understand and plan for successful clozapine community managementIdentify the resources and how to tap into them to manage psychosis better in the community |  Harish Neelakant , MBBS, MD, FRCPC, FRCPsych (UK) <i>Clinical Assistant Professor, Department of Psychiatry, UBC</i> |
| | 2B) Antidepressant Induced Sexual Side Effects* <i>(In-person & Virtual)</i> — Ballroom I <ul style="list-style-type: none">Screen for the emergence of common sexual side effects of antidepressantsEvaluate the interaction between sexual side effects of antidepressants and impact(s) of the primary depressionEffectively communicate to patients how antidepressants impact sexual functionRationally assess treatment options to reduce or eliminate the burden of sexual side effects <p><i>*This session is NOT being recorded. Please attend LIVE if you wish to participate.</i></p> |  Shauna Correia , MDCM, FRCPC <i>Sexual Medicine Specialist, BC Center for Sexual Medicine, VCH; Clinical Instructor, Dept of Psychiatry (Sexual Medicine Program), UBC</i>  Miriam Driscoll , MD, FRCPC <i>Sexual Medicine Specialist, BC Center for Sexual Medicine, VCH; Clinical Assistant Professor, Dept of Psychiatry (Sexual Medicine Program), UBC</i> |
| | 2C) Psychiatric Prescribing in Paediatric Autism <i>(In-person Only)</i> — Ballroom III <ul style="list-style-type: none">List 2 common psychiatric comorbidities of paediatric autismName the preferred medication to treat ADHD in the context of paediatric autismIdentify behavioural treatment targets for antipsychotics in paediatric autism |  Francois Proulx , MD, FRCPC <i>Child & Adolescent Psychiatrist, Medical Lead - Developmental Disorders & Mental Health Authority; Clinical Instructor, Department of Psychiatry, UBC</i> |
| | 2D) Emerging Adherence Technology: Factors to consider for home-based medication management <i>(In-person & Virtual)</i> — Ballroom II <ul style="list-style-type: none">Compare features of emerging home-based medication dispensing & monitoring technologyDiscuss the potential advantages and disadvantages of the use of this technologyExamine their place among options available to address medication adherence |  Tejal Patel , BScPharm, PharmD <i>Clinical Associate Professor and Co-Director, Master of Advanced Pharmacy Practice Program, University of Waterloo School of Pharmacy</i> |
| 1445 | 15-MIN REFRESHMENT BREAK | |
| 1500 | The Public Supply of Addictive Drugs <i>(In-person & Virtual)</i> — Pinnacle Ballroom <ul style="list-style-type: none">Summarize patient characteristics and risks associated with advocacy for PSADSummarize evidence related to PSAD for at risk patientsOutline empirically supported interventions that are indicated for patients at risk |  Julian Somers , MSc, PhD, RPsych <i>Distinguished Professor and Clinical Psychologist, Faculty of Health Sciences, Simon Fraser University</i> |
| 1545 | Mixed Methods Study of Prescribed Safer Supply in BC <i>(In-person & Virtual)</i> — Pinnacle Ballroom <ul style="list-style-type: none">Summarize evidence on the impacts of prescribed safer supply on health and wellness among people who use drugsDescribe findings on implementation of prescribed safer supply in BC, including barriers and facilitators, from multiple stakeholder perspectives |  Bernie Pauly , RN, PhD <i>Professor, School of Nursing, University of Victoria; Scientist, Canadian Institute for Substance Use Research</i>  Karen Urbanoski , PhD <i>Canada Research Chair and Associate Professor, Public Health and Social Policy, University of Victoria</i> |
| 1630 | Closing Remarks Conference Ends <i>Please complete the online evaluation forms before you depart. Thank you for joining us!</i> | Jacky Siu , PharmD, ACPR, BCPP |
