More information about Pathways

To view all Pathways resources, visit: www.pathwaysbc.ca. BC physicians and their teams can request an access key at www.pathwaysbc.ca. Many of the resources can be emailed to patients from a Pathways no-reply email. Watch [this video](#) to learn about emailing patient information from Pathways.

Anyone who does not have log in access to Pathways can view most of the items listed on the BCCDC site or on the public facing Pathways directory here:

https://vancouver.pathwaysbc.ca/service_categories/34
