

PROGRAM SCHEDULE

Time	Presentation	Speaker	Location
THURSDAY, March 3			
1200-1530	Conference Registration Desk Open		Lobby
1230-1500	Regional Anesthesia Skills Workshop <i>*Pre-registration required – spots available</i> <i>Instructors: Drs. Peter Rose, Chris Prabhakar, Tim Jen, Alex Wong, Lisa Li, Aaron Victor, Amber Galbraith, Cynthia Yarnold, Trina Montemurro</i>		Alpine Room 2 nd Floor
1500	Refreshments for Workshop Attendees		Alpine Foyer
1530-1800	Advanced & Novel Regional Anesthesia Skills Workshop <i>*Pre-registration required – spots available</i> <i>Instructors: Drs. Chris Prabhakar, Peter Rose, Trina Montemurro, Tim Jen, Alex Wong, Lisa Li, Aaron Victor, Jason McVicar</i>		Alpine Room 2 nd Floor
1800-2000	Conference Registration Desk Open		Lobby
1800-2000	Welcome Reception – Families Welcome!		Emerald A & Foyer

FRIDAY, March 4			
0630	Breakfast, Exhibits and Registration		Emerald A & Foyer
0655	Welcome & Opening Remarks	Dr. Roanne Preston <i>MD, FRCPC</i>	Emerald BC
0700	Canadian Airway Guidelines: What's New since 2013? 1. Describe the evolution of airway evidence from 2013-2021 leading to the most important guideline changes 2. Define knowledge translation with respect to airway management 3. Examine issues of knowledge translation in your practice	Dr. Laura Duggan <i>MD, FRCPC</i> <i>*Virtual Delivery</i>	
0730	Sepsis Update 2022 1. What's new in the diagnosis and treatment of sepsis? 2. Review the updated Surviving Sepsis Campaign Guidelines	Dr. Ruth MacRedmond <i>MB, MD, MRCPI, FRCPC</i>	
0800	Perioperative Goals of Care Communication for the Anesthesiologist At the end of this lecture the learner will be able to: 1. Refine communication strategies to navigate difficult clinical scenarios commonly encountered by the anesthesiologist 2. Review an approach to the perioperative DNR order	Dr. Vincent Fruci <i>MD, FRCPC (Anesthesiology), FRCPC (Palliative Medicine)</i>	
0830	Point-of-Care Gastric Ultrasound At the end of this lecture the learner will be able to: 1. Understand the indications of gastric ultrasound 2. Understand acquisition and interpretation of gastric ultrasound 3. Understand the medical management based on ultrasound images	Dr. Kariem El-Boghdadly <i>MBBS, BSc, FRCA, EDRA, MSc</i> <i>*Virtual Delivery</i>	
0900	Ski Break		Emerald A & Foyer
0930-1130	UBC Resident Perioperative Skills Workshop <i>*Pre-registration required (For UBC Residents Only)</i> <i>Instructors: Drs. Kevin Rondi, Peter Rose, Sandy Kisilevsky, Tim Jen, Mark Vu, Vincent Fruci, John Veall, Anne Marie Madden</i>		Alpine Room 2 nd Floor

PROGRAM SCHEDULE

Time	Presentation	Speaker	Location
1430-1545	Oral Abstract Presentations:		Emerald BC
	<ul style="list-style-type: none"> Comparison of analgesic efficacy and safety of erector spinae plane block versus local infiltration in VATS in adults 	Dr. Lokesh Kashyap	
	<ul style="list-style-type: none"> Race reporting and Black participation in registered pain interventional clinical trials, United States 2000-2021: current status and future directions 	Dr. Anh Khoa Vo	
	<ul style="list-style-type: none"> Quality Improvement Project: Post-Operative Atrial Fibrillation in Cardiac Surgery Patients in Vancouver General Hospital 	Dr. Coilin Collins Smyth	
	<ul style="list-style-type: none"> A scoping review: Indigenous experience of pain in Canada 	Dr. Nicole G Bailey	
	<ul style="list-style-type: none"> Right ventricular function following full median sternotomy versus minimally-invasive approaches for implantation of left ventricular assist device 	Dr. Paul Yen	
1530	Après with Exhibitors		Emerald A & Foyer
1600	Reconciliation and Perioperative Medicine <ol style="list-style-type: none"> Describe the historic and current context of healthcare for First Nations, Inuit and Métis Peoples in Canada Define reconciliation and explore what it means for healthcare providers Demonstrate what steps perioperative physicians can take to achieve justice for Indigenous patients in Canada 	Dr. Jason McVicar <i>MD, FRCPC</i>	Emerald BC
1630	Optimal Post Cardiac Arrest Management <ol style="list-style-type: none"> Describe the etiology and epidemiology of both in- and out-of-hospital cardiac arrest Review post-arrest management in the critical care setting, including targeted temperature management Understand the importance of a multimodality approach for neuroprognostication 	Dr. Christopher Fordyce <i>MD MHS MSc FRCPC</i>	
1700	Hematology Potpourri <ol style="list-style-type: none"> Review hematology topics relevant to pre-operative optimization Review hematology topics relevant to intraoperative management 	Dr. Anne-Marie Madden <i>MD, FRCPC</i>	
1730	Rib Fracture Pathways: Implementation and Outcomes <ol style="list-style-type: none"> Review the prevalence and morbidity associated with traumatic rib fractures Understand the available and emerging evidence in rib fracture management pathways Understand the process of implementing an institutional rib fracture pathway 	Dr. Peter Rose <i>MD, FRCPC, MSc</i>	
1815-2015	Exhibitor's Reception - Families Welcome!		

PROGRAM SCHEDULE

Time	Presentation	Speaker	Location
SATURDAY, March 5			
0630	Breakfast, Exhibits and Registration		Emerald A & Foyer
0700	Perioperative Challenges of Morbid Obesity <ol style="list-style-type: none"> Identify elements of morbid obesity that present perioperative challenges Review simple tips airway management in the morbid obese patient 	Dr. Mark Vu <i>MD, FRCPC</i>	Emerald BC
0730	Perioperative Care of the Transgender Patient <ol style="list-style-type: none"> Have an overview of the peri-operative care of the Transgender Patient Have an overview of current surgical techniques and approaches in gender affirming surgical care 	Dr. Krista Genoway <i>MD, FRCSC</i>	
0800	Understanding the Perioperative Risks for People with Kidney Failure <ol style="list-style-type: none"> To recognize the risks associated with surgery for people with kidney disease To identify the limitations of widely used methods of perioperative risk stratification for people with kidney failure To interpret the Canadian Perioperative Cardiac Risk Assessment guideline framework for people with kidney failure 	Dr. Tyrone Harrison <i>MD, FRCPC</i>	
0830	How CoVID-19 Made Simulation-Based Training a Moral & Medical Imperative: Tips, Pitfalls & How to Get Started <ol style="list-style-type: none"> To gain a general understanding of the history of medical simulation To improve awareness of the critical role simulation has played in the current pandemic To gain an understanding of how you can implement simulation-based training into your current workplace 	Dr. John Veall <i>MD, FRCPC, MSc.</i>	Emerald BC
0900	Coffee Break with Exhibitors		Emerald A & Foyer
0915	The Essential First Aid Kit <ol style="list-style-type: none"> Identify the components of the Essential First Aid Kit Outline the steps in procuring medications/supplies and controlled substances for a first aid kit Describe common but often overlooked simple medical emergencies and their management in the outdoors 	Dr. Kip Rodgers <i>MD, FRCPC, MSc, BEd</i>	Emerald BC
1000	Ski Break		Emerald A & Foyer
1445-1545	Oral Abstract Presentations: <ul style="list-style-type: none"> Characterizing the Burden of Chronic Sternal Pain Following Cardiac Surgery Presence of the gamma band in intensity matched comparison of contact heat - and laser evoked potentials Promising pain relief? The validity of PROMIS-29 questionnaires to assess the effectiveness of spinal cord stimulation treatment on neuropathic pain Rotational Thromboelastometry (ROTEM) Guided Use of Factor Concentrates in Cardiac Transplant Patients: A Retrospective Study 	Dr. Mikayla Fan Dr. Cassandra Choles Dr. Himali Bergeron-Vitez Dr. Kimberly C. Li	Emerald BC

PROGRAM SCHEDULE

Time	Presentation	Speaker	Location
	<ul style="list-style-type: none"> The efficacy of topical cannabinoids for pain management: A systematic review and meta-analysis Development and internal validation of a multivariable risk prediction model for severe rebound pain after foot and ankle surgery involving single-shot popliteal sciatic nerve blockade 	<p>Dr. Lukas Linde</p> <p>Dr. Tim Jen</p>	
1530	Après with Exhibitors		Emerald A & Foyer
1600	<p>New Challenges in Global Health</p> <ol style="list-style-type: none"> Describe the historical context and evolution of the sphere of medical humanitarianism Explore how global health organizations are adapting to issues of colonialism, conflict, climate change and COVID 	<p>Dr. Jason McVicar <i>MD, FRCPC</i></p>	Emerald BC
1630	<p>Point of View: The Relationship Between Perspective and Performance</p> <ol style="list-style-type: none"> Describe the contribution of individual perspectives to team performance Identify obstacles that impede effective communication Select behaviors that facilitate perspective sharing 	<p>Dr. Robert Johnston <i>CD, BSc, MD, MA, FRCPC</i></p> <p><i>*Virtual Delivery</i></p>	
1700	<p>How to Survive Teaching in the Perioperative Setting: Evidence-Based Teaching</p> <ol style="list-style-type: none"> Teaching in the OR and on the fly Giving independence without having a heart attack. Giving and receiving feedback without making anybody cry Becoming the resident's quarterback 	<p>Dr. Shelley Tweedle <i>MD, FRCPC, BSc, Bed</i></p> <p>Dr. Tonia Tauh <i>MD, FRCPC</i></p>	Emerald BC
1730	<p>Through My Lens: A physician's COVID experience in photographs</p> <p>At the end of the lecture, the learner will be able to:</p> <ol style="list-style-type: none"> Reflect on the experiences of clinical teams involved in the care of patients during the pandemic List and acknowledge the non-clinical teams required for the pandemic response Reflect on patient and family experiences through the pandemic Reflect on personal and professional wellness during the pandemic and the importance of community and authenticity in medicine 	<p>Dr. Heather Patterson <i>MD, FRCPC</i></p>	
1800-1930	Wine & Cheese Reception with Exhibitors – Registrants Only		Emerald A & Foyer

PROGRAM SCHEDULE

Time	Presentation	Speaker	Location
SUNDAY, March 6			
0630	Join the Experts and the WAS Organizing Committee for Hot Breakfast!		Emerald A & Foyer
0730	AHA Definition: Myocardial Injury and What That Means for Us <ol style="list-style-type: none"> To understand myocardial injury as defined by the AHA statement To understand the difference between diagnostic and prognostic criteria of myocardial injury To understand the AHA scientific statements implications for us as Anesthesiologists 	Dr. Su-Yin MacDonell <i>MD, FRCPC, BSN</i>	Emerald BC
0800	ANESTHESIA SOUND BITES: <i>Featuring 15-minute "sound bites" on a variety of anesthesia topics. A panel Q&A session will follow the presentations.</i>		
	Orthopaedic ERAS: Recommendations for Total Hip and Knee Replacement <ol style="list-style-type: none"> Understand the current recommendations for enhanced recovery for total hip and knee surgeries Review similarities and differences between orthopaedic ERAS and original ERAS protocols Understand future directions for orthopaedic enhanced recovery protocols 	Dr. Trina Montemurro <i>MD, FRCPC</i>	
	How Low Can Those Platelets Go? <ol style="list-style-type: none"> Understand the most common causes of thrombocytopenia in pregnancy and treatments Review the literature regarding levels of thrombocytopenia and risk of epidural hematoma 	Dr. Roanne Preston <i>MD, FRCPC</i>	
	Post-Op Cognitive Outcomes: Is General Anesthesia Harmful? <ol style="list-style-type: none"> Discuss the risk of post operative delirium after surgical hip fracture repair Discuss the risk of memory decline after coronary artery revascularization Identify variables which may influence post operative cognitive outcomes" 	Dr. Sandy Kisilvesky <i>MD, PhD, FRCPC</i>	
	Challenges of Residency in 2022 <ol style="list-style-type: none"> Explore the perspective of anesthesia residents in 2022 Develop strategies to assist residents with completing the requirements of Competency by Design 	Dr. Alex Dotto <i>MD, MHSc, PGY4</i> <i>Anesthesiology</i>	
0915	Coffee Break		Emerald Foyer
0930	What's in a Name? Standardising Nomenclature in Regional Anaesthesia <ol style="list-style-type: none"> Understand the need for standardising nomenclature Understand methodology for the development of standards Recognise the nomenclature to be used in modern practice 	Dr. Kariem El-Boghdady <i>MBBS, BSc, FRCA, EDRA, MSc</i> <i>*Virtual Delivery</i>	Emerald BC
1000	Myth-Busting in Airway Education <ol style="list-style-type: none"> Describe the apprenticeship model of education Select which airway education issues apply to your practice 	Dr. Laura Duggan <i>MD, FRCPC</i> <i>*Virtual Delivery</i>	
1030	Closing Remarks Complete Evaluations Exhibitor Prize Draw		

SAFE TRAVELS EVERYONE!
