PLEASE NOTE: This list was collated and distributed on behalf of the BC Paediatric Directors of OT. Inclusion on the list does not constitute endorsement of the skills of the individual or practice group. The [College of Occupational Therapists of BC \(COTBC\) college register](#) confirms that the listed Contact Persons, except those starred and identified as non-OT, are registered to practice occupational therapy in BC with no restrictions or conditions on their practice.

Many therapists on this list also work in public practice and due to conflict of interest guidelines are restricted in their ability to work with clients eligible for service through their public employer. Due to space constraints we are unable to list all these restrictions but the information can be obtained from individual therapists/practices.

For any changes or additions, please contact: Mara Joseph Email: mjoseph@cw.bc.ca . The next updated list is scheduled for September 2023.

Please also feel free to search the below registries:
