# Land Acknowledgement

Doctors of BC humbly acknowledges the traditional territories of First Nations within British Columbia and that our offices are situated on the unceded territories of the x̱wməθkʷəy̓əm (Musqueam), Skwxwú7mesh (Squamish), and səliłwətał (Tsleil-Waututh) Nations. For Doctors of BC, acknowledging the traditional territories is an expression of cultural humility that involves recognizing our commitment to support the provision of culturally safe care to First Nations, Inuit, and Métis people in BC.
