Managing Bias

No professional or financial bias

Bias: Practicing Rural Medicine is the most comprehensive, rewarding, stimulating, full – service practice on the PLANET

Practical Bias that the CARE course is of exceptional educational value for any rural practicing family / ER physician

Objectives

To review several core emergency skills relevant to both rural and urban healthcare settings in a focused half-day workshop.

Four topics

- Initial Airway Management

- CPR/AED/Defibrillator Use

- Bedside Ultrasound - An overview of clinical use

- Opiate Overdose Response & Initial Management of Anaphylaxis

Preparation

Unanswered Calls?

If you call the RACE line and do not receive a call back within 2 hrs, press 0 at any time to reach the RACE support Service.

All unanswered calls will be followed up.

RACEapp+ (Mobile & Desktop)

Download our free app for your iPhone or Android device!

The app allows you to easily request the specialty of your choice in one easy step – no more listening to the list of specialties on the telephone. With the new upgrade, you **can now enter patient demographics while requesting advice**, allowing the phone conversation to be focused solely on the patient.

Support for success in rural practice.

Program Overview

- UBC Rural CPD's Coaching and Mentoring Program (CAMP) fosters peer to peer connections in rural practitioner networks to improve your practice, increase your confidence, and connect you to rural colleagues.
- Mentor/coaches provide support in a wide variety of areas including transitions in practice, emergency medicine, palliative care, Indigenous patient care, personal wellness and more.
