The separation of education and promotion is achieved onsite by a geographically separate exhibit hall. Commercial exhibits must be arranged in a location that is clearly and completely separated from an accredited and/or certified CPD activity. NOTE: In cases where there is no exhibit hall and only a few representative are attending, the following elements must still be in place:

☐ Other

- The proportion of representatives is minimal
- Representatives must be clearly identified on their name badges so there is a visible difference between them and the physicians/other health care provider participants
- Representatives can go into the learning space but only as observers
- Representatives cannot market products at any point during the event (exhibit hall excepted)

• Representatives cannot complete evaluation forms or be considered in needs assessments

The SPC is responsible to communicate the above requirements to the pharmaceutical representatives and ensure that there is no participation in the education in order to protect the event from industry influence.
