Commented [AG1]: You may want to define these in advance by department, etc. in order to make it easier to interpret the data. Otherwise you will have to manually identify them and group them together later.

Commented [AG2]: Allows respondents to provide their own thoughts before biasing them with later questions. Will also get us the comments we would like to share with Dept. Heads.

Formatted: Indent: Left: 0.5", No bullets or numbering

Commented [AG3]: I moved this up higher because it is best practice to start with the general questions.

Commented [AM4]: What numbers do you think would be good for this one? Or this could be a free text box and they could enter it.

Commented [AG5]: In our previous survey it was a free text box. Answers ranged from 1-12. I would suggest grouping them together for nicer looking data. (Previous answers included things like "5?", ">5" and "~5".
I would suggest:
   a. 1
   b. 2-4
   c. 5-7
   d. 8+

Commented [AG6]: Leading question. I would rephrase as "On a scale from 1-5 (1 being very easy and 5 being very difficult) please rate your experience with connecting to Rounds using the VC Anywhere service."

Commented [AG7]: Same as above.

8. What issues did you encounter that made it difficult to participate? (Free text, if previously answered d. or e.)
