

Centralized Orientation

Part 2

Spring 2026
Practice Ready Assessment B.C.

Session starts at 8:30 A.M.

Land Acknowledgement

Carved by Coast Salish artist Luke Marston, the Bentwood Box traveled with the Truth and Reconciliation Commission to its events throughout Canada, where people placed personal items into the box to symbolize their journey toward healing and expressions of reconciliation.

With gratitude, we acknowledge that the University of British Columbia Faculty of Medicine and the Division of Continuing Professional Development (CPD) are located on traditional, ancestral, and unceded territories of Indigenous peoples around the province. At UBC CPD's Vancouver office, we gather on the traditional, ancestral, and unceded territories of the x^wməθk^wəyəm (Musqueam), Skwxwú7mesh (Squamish) and sə'liłwətaʔt (Tsleil-Waututh) Nations.

Conflict of Interest Disclosure

Name & Role	Disclosures
Dr. Steven Yau - Medical Director, IMG Programs, UBC CPD; Clinical Associate Professor and Site Faculty, Faculty Development IMG Site (St. Paul's), Dept. of Family Practice, UBC	Nothing to declare

Ms. Maya Pillay Long – Research & Program Assistant, UBC CPD	Nothing to declare

Housekeeping & Workshop Accountability

- Please make sure your microphone is muted unless you're speaking
- Make sure your full name is displayed on Zoom for attendance
- Keep your video on whenever possible
- Please ensure you are in a space with little/no distraction
- Stay engaged and participate actively
- Please let the team know if you need to step away briefly

Slides and handouts available on UBC CPD e-Learning shortly after the session

Learning Objectives

- Describe the purpose and offerings of Real-Time Virtual Supports, various Doctors of BC support programs, and BC Family Doctors.
- Explain the importance of proper billing practice to remain prepared for billing audits.
- Reflect on BC's prioritization of Team Based Care and subsequent implications for independent practice.
- Identify opportunities and pathways to ask for support while transitioning to independent practice.

Purpose of Today

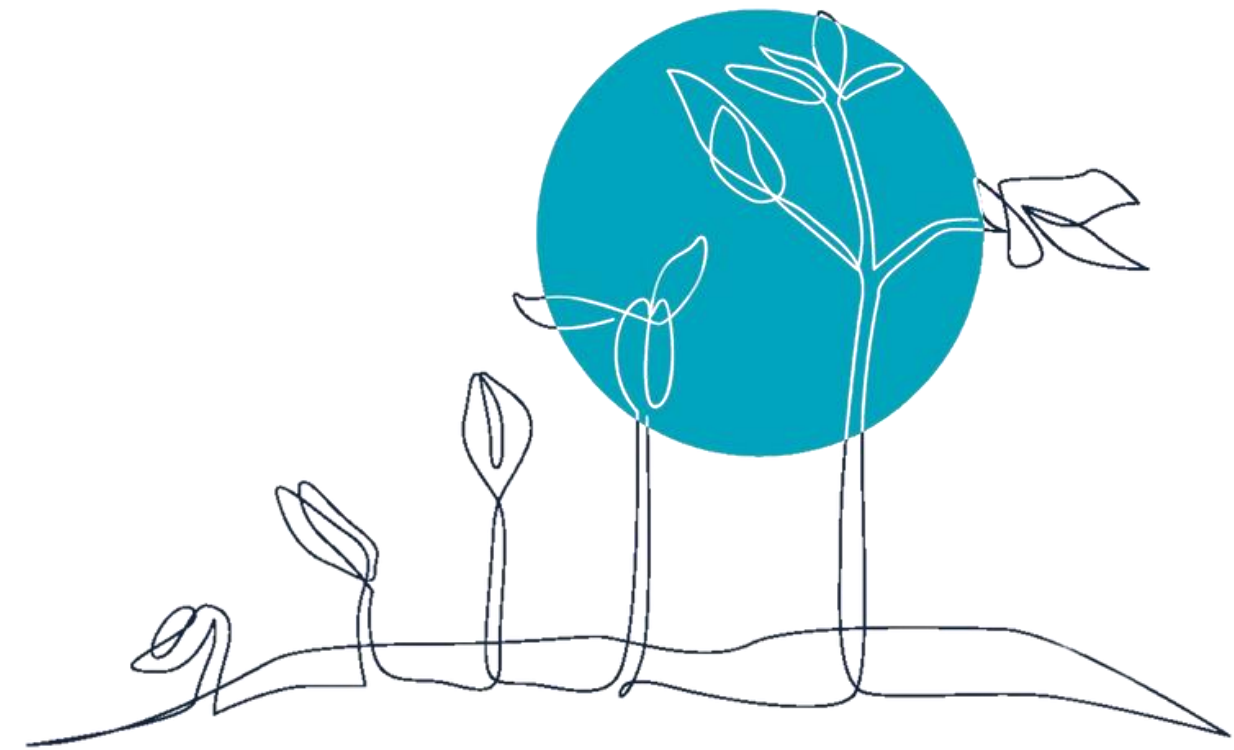

- Introduce relevant topics and resources that would be helpful for your transition to independent practice in BC
- It's unlikely you will remember everything, and you may not remember anything from today, that's OK!

Agenda

Team Based Care

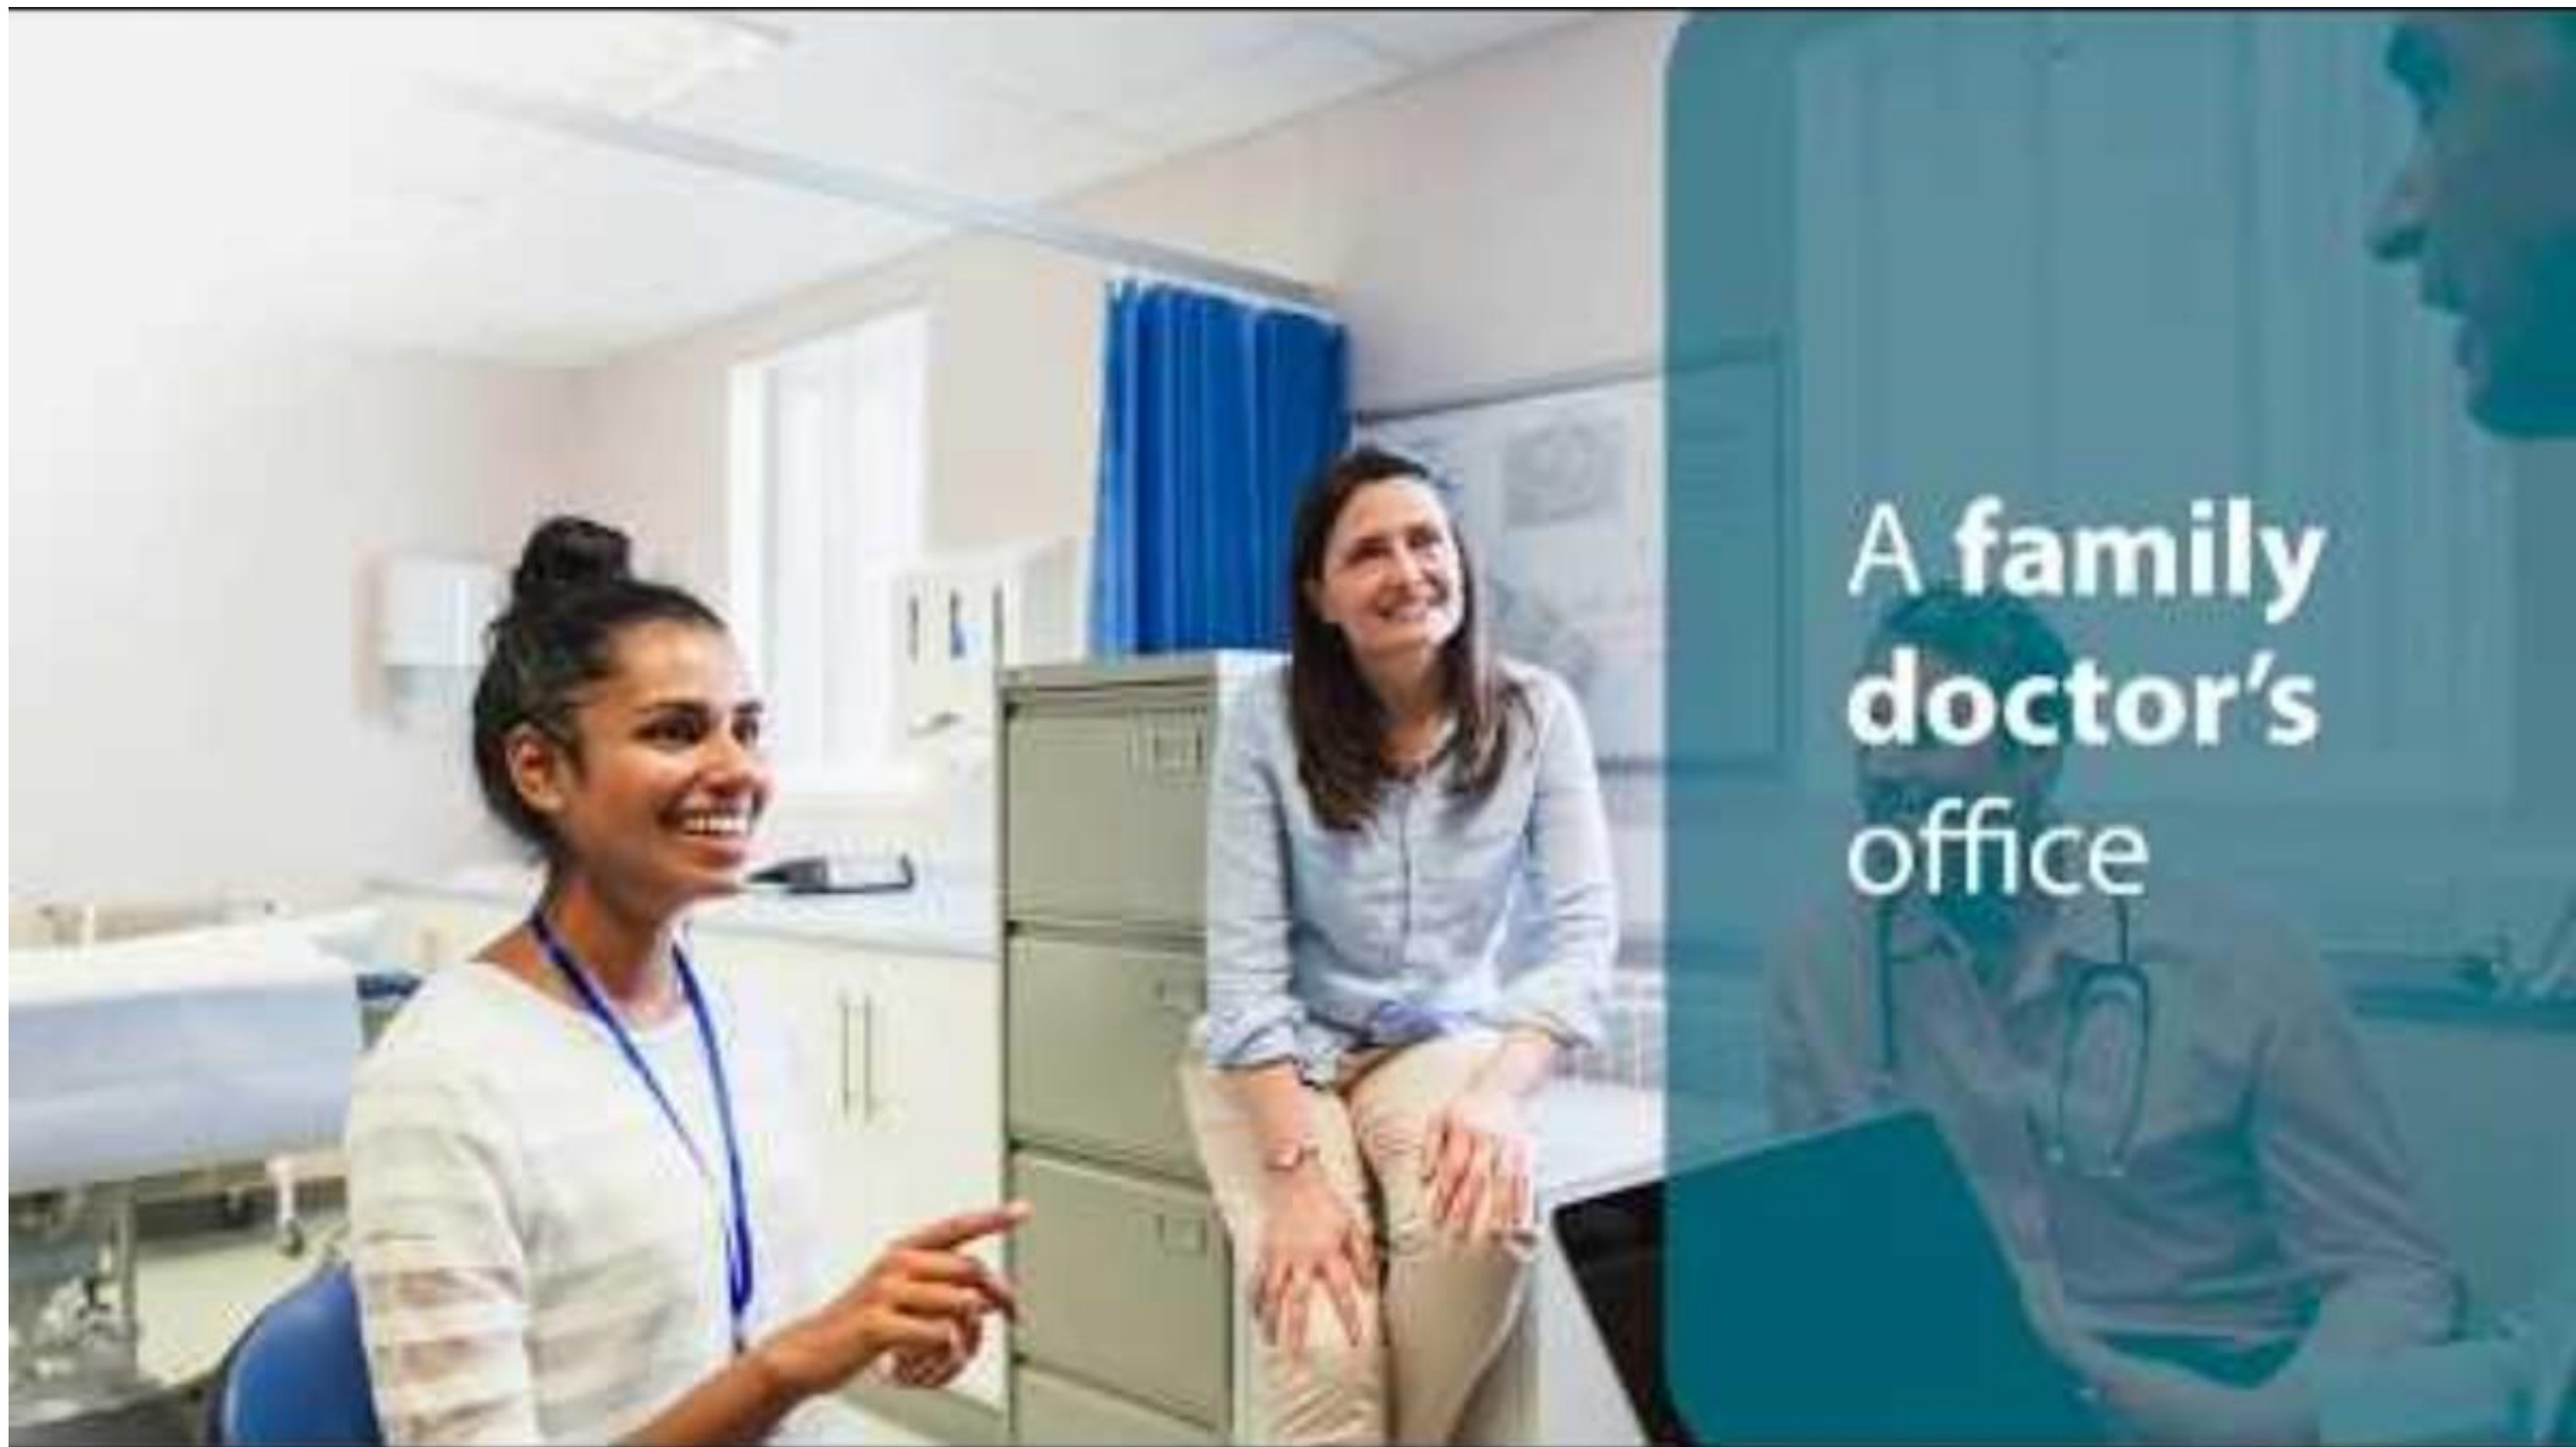

Dr. Steven Yau

Team-Based Care in BC

- What is team-based?
 - A model of health care delivery where many health professionals work together to support a patient's needs.
 - A key feature is having patients and their care providers be equal partners.

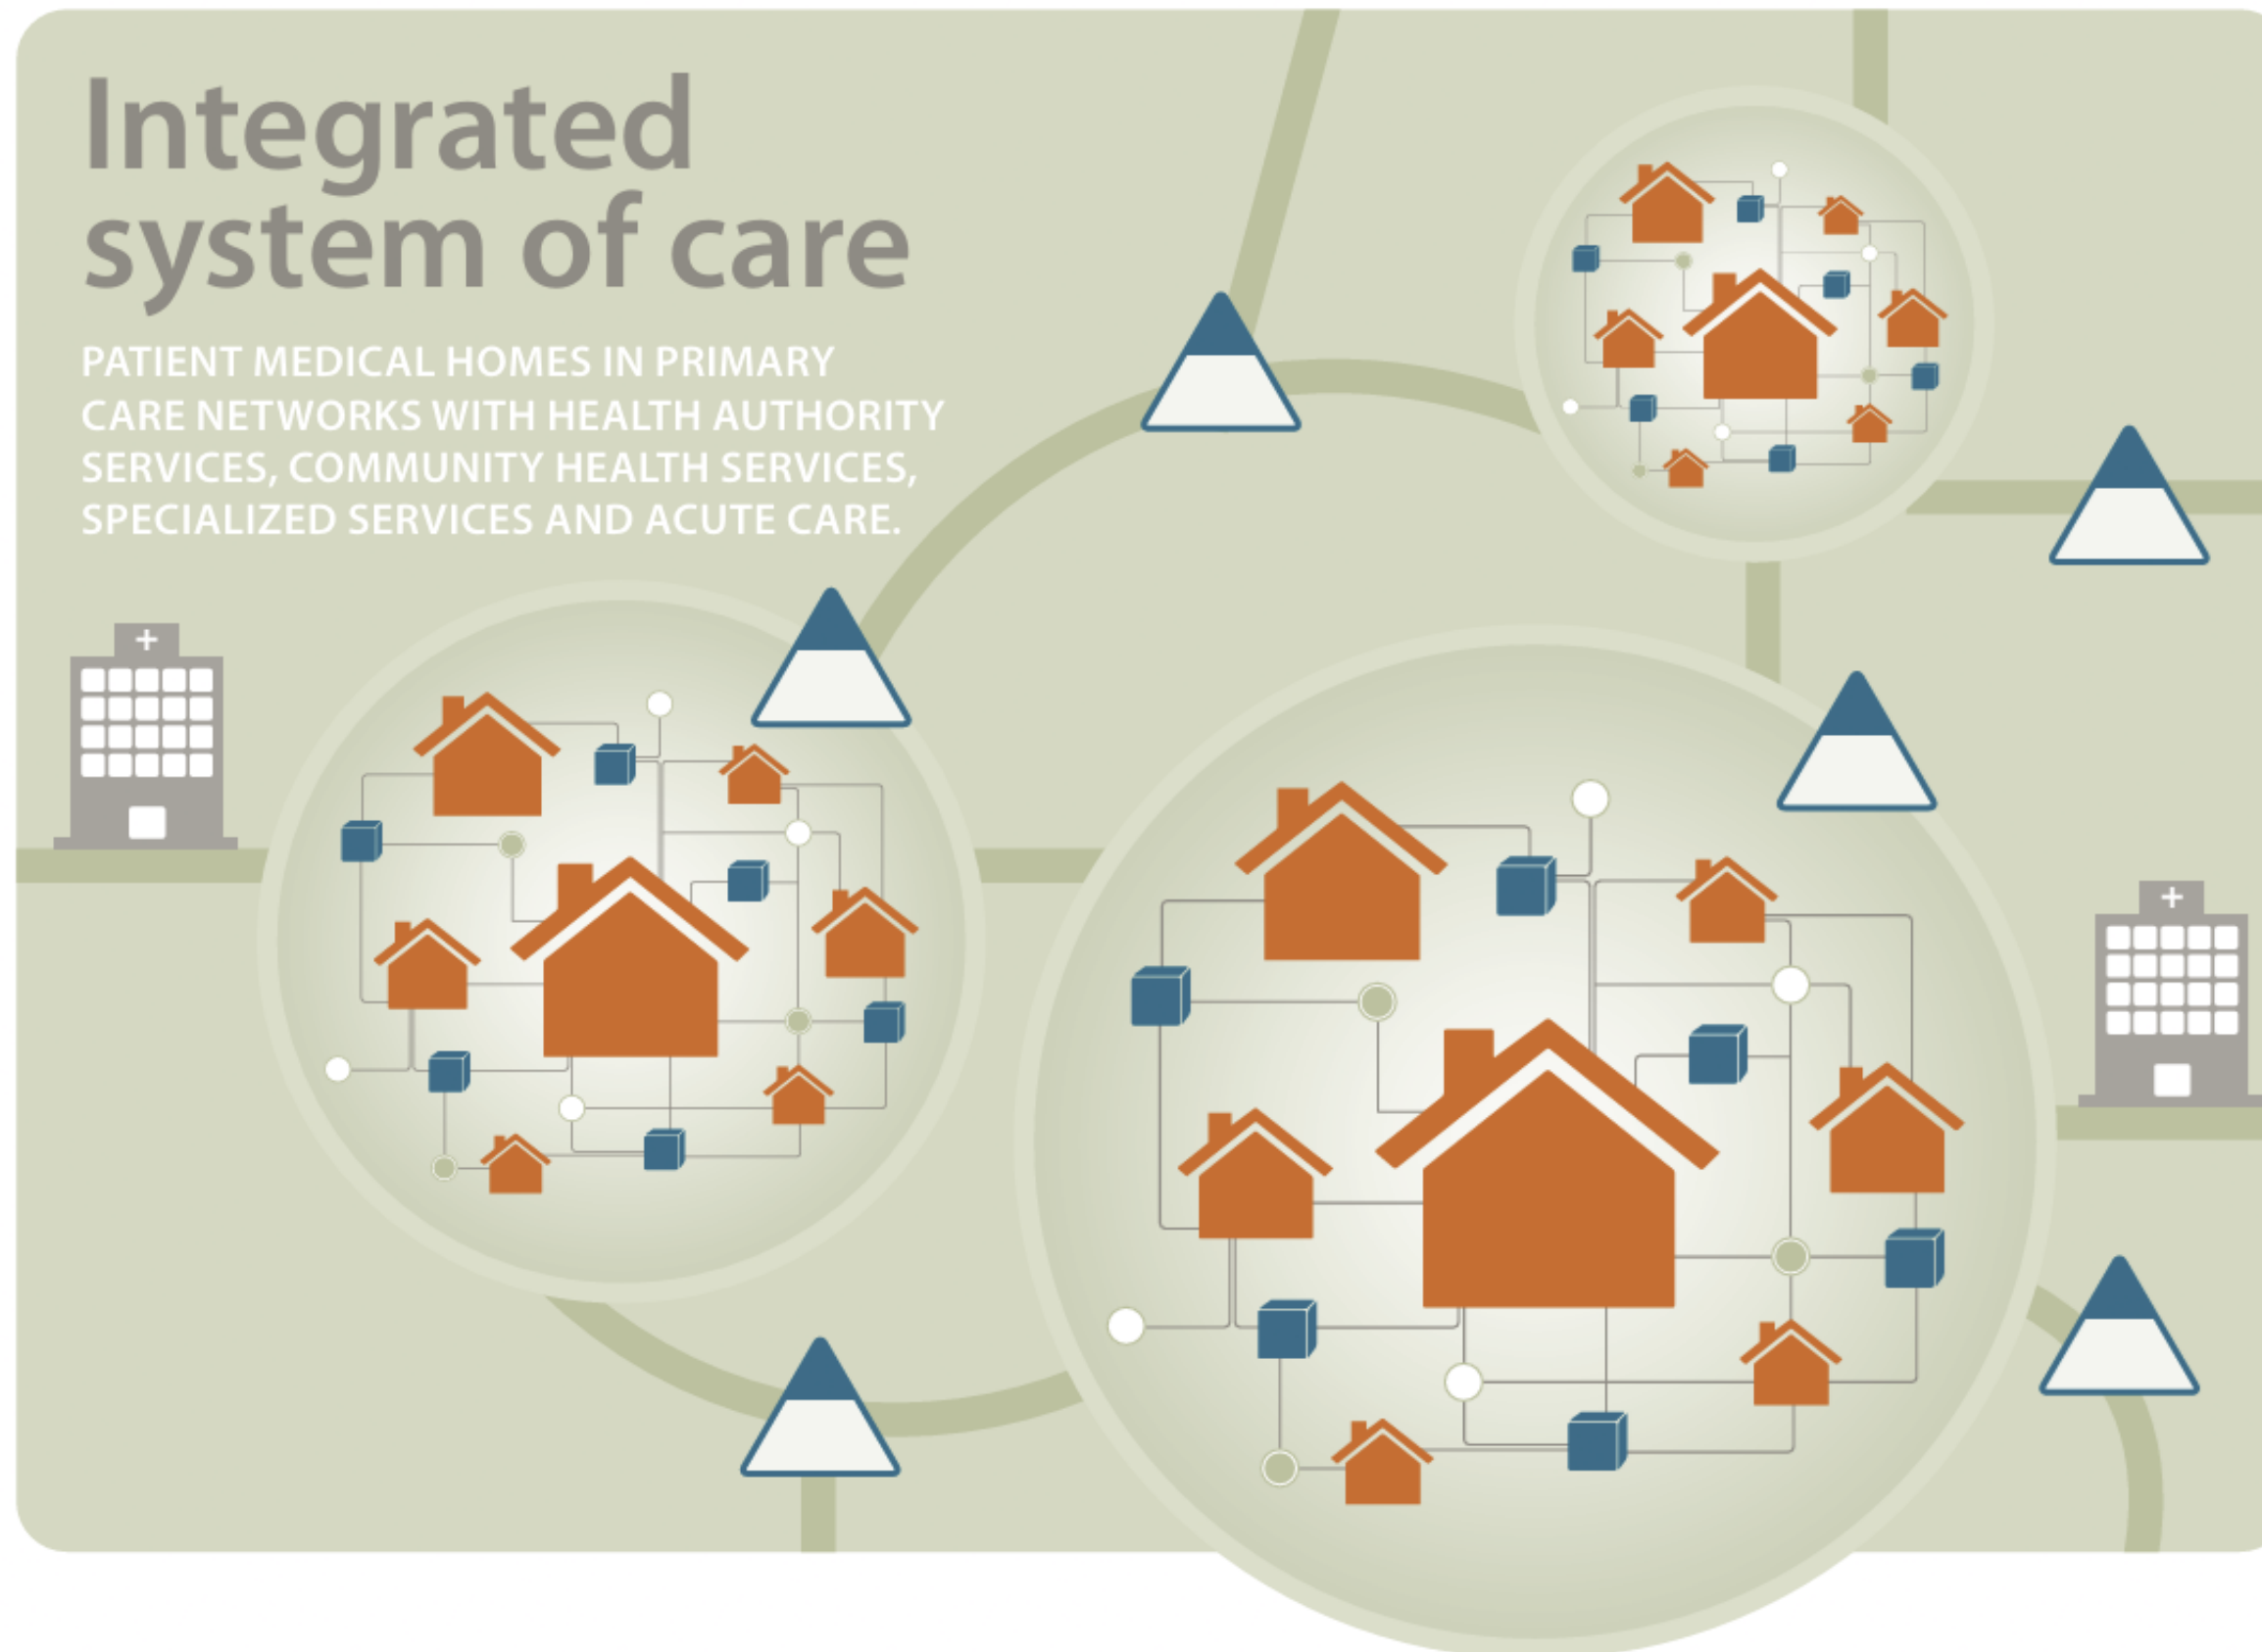

Source: Team-based Care BC <https://teambasedcarebc.ca/>

- What was your experience with TBC during your CFA?
 - Successes?
 - Challenges?
 - What was similar?
 - What was different?

Patient Medical Home and Primary Care Network: The Big Picture

BETTER FOR PHYSICIANS

- Shifts focus to diagnoses and patient relationships.
- Brings services together around FPs and patients.
- Eases the burden of doing it alone.
- Attracts and retains FPs.

BETTER FOR PATIENTS

- Increases attachment to a primary care provider.
- Increases access to a broad range of services.
- Coordinates care and services.

BETTER FOR THE SYSTEM

- Maximizes health care roles and resources.
- Reduces hospital visits.
- Builds sustainable, quality health care.
