An exciting brand new conference co-hosted and developed by the UBC eHealth Strategy Office & UBC Division of Continuing Professional Development (UBC CPD).

Regardless of whether or not you are an innovator, average user, novice or technophobe, this conference will appeal to you as we showcase the most practical and applicable eHealth technologies and innovations relevant to a busy BC health care provider today!

Practical, easy, and fun!

We will aspire to assist every participant to identify at least one eHealth tip/approach that they can immediately use in their own professional practice to enhance patient care that is in synchrony with the evolution of eHealth in BC. In the long term we are planning to engage professionals by supporting them with tools and education to navigate the fluctuating technological landscape.
Improving Practice & Improving Care  
A National Clinical Engagement Strategy  
Ms. Maureen Charlebois  
Master of Science in Health Administration, University of Toronto; a Bachelor of Science Honors Degree in Nursing; and is a Certified Health Executive with the Canadian College of Health Service Executives.

Engaging the Health Care Team with Electronic Shared Care Plans and Dashboards  
Dr. Bill Clifford  
Chief Medical Information Officer at Northern Health Authority

Education & Clinical Practice  
The Role a Technology Interface Plays  
Mr. Bill Dow  
Dean of the School of Health Sciences, BCIT

From Patient Centred Care to Active Patient Involvement in Shared Care  
The Shifting e-Landscape  
Dr. Kendall Ho  
Director, eHealth Strategy Unit, UBC, and BC eHITS Conference Co-Chair

Education and Clinical Practice  
The role a technology interface plays  
Glynda Doyle, RN, MSN  
Glynda is currently involved in several research projects within BCIT and in collaboration with other Canadian Nursing Programs, studying the impact of mobile devices laden with clinical resources, social networks, and e-portfolios on nursing students and their education.

Education and Clinical Practice  
The role a technology interface plays  
Dr. Noreen Frisch  
PhD, RN, FAAN, Professor and Director, School of Nursing, University of Victoria, School of Nursing

Interprofessional Electronic Documentation  
Ms. Kirstie McDonald  
Clinical Informatics Specialist, Graduate Nursing/Informatics student, Victoria British Columbia.

BC PharmaNet - 1988 to 2014 & Beyond  
Dreams to Expectations and Opportunities  
Dr. Bob Nakagawa  
B.Sc.(Pharm.), RPEBC, ACPR, FCSHP, R.Ph. Registrar - College of Pharmacists of BC.

Connecting the Dots on the Map with Telehealth. A New Model of Care for Remote First Nations Communities  
Dr. John Pawlovich  
MD, Primary Care Physician, Carrier Sekani Family Services & Northern Health & Clinical Associate Professor, Dept. of Family Practice, UBC

Electronic Health Records and Clinical Decision Support  
The New World of Ordering in the Age of Information  
Dr. Darryl Samoil  
Executive Medical Director Clinical Systems and Chief Medical Information Officer in Fraser Health Authority

It’s Your Career - But It’s My Life  
Why Your Patients Are Taking The Lead in Social Media  
Ms. Carolyn Thomas  
Carolyn’s award-winning blog, HEART SISTERS - www.myheartsisters.org - has attracted over one million visitors from 190 countries.

How Langley Practices ‘Together in Health’ Today and In Our Connected Future  
Dr. Leo K.H. Wong  
MD, Chair, Langley Division of Family Practice, Clinical Assistant Professor, Department of Family Medicine, University of British Columbia.

Education & Clinical Practice  
The Role a Technology Interface Plays  
Dr. Steve Wong  
MD, FRCPC, Clinical Associate Professor, UBC Department of Medicine; Medical Director, Clinical Practice Reviews, UBC CPD; Medical Director, This Changed My Practice, UBC CPD

The Development of a Standardized Software Platform to Support Provincial Population-Based Cancer Outcomes Units for Multiple Tumour Sites: OaSIS  
Dr. Jonn Wu  
Provincial H&N Tumour Group Chair and Chief Medical Information Officer for the BC Cancer Agency.
On Friday May 9 (Click each session for more info!) We encourage you to customize your own agenda and move from room to room to engage in various elements of our event. Visit the Showcase and try out new technology, get expert advice, learn about new technologies available in BC, watch live demos, listen in to short innovative presentations at the Centre Stage, engage with your colleagues, live tweet, and take part in the interactive presentations where panelist present relevant and current presentations for YOU, our BC health care professionals.

CONFERENCE LEARNING OBJECTIVES

1. Explore the latest exciting developments and ways health professionals, clinics, hospitals and health authorities are using information technologies to deliver innovative health services to patients in BC.

2. Share the latest apps and electronic tools to enhance their own practices and better support them in engaging their patients in pursuit of better health.

3. Identify the new generations of technologies relevant to BC healthcare which are about to transform health practices, and what the current generation of health professional trainees are learning and using.

4. Participate in the dialogue as to how to guide the current health system to judiciously adopt information technologies into health care service delivery in the different clinical contexts in B.C. that can directly affect their patients.

CONFERENCE CHAIRS

Kendall Ho, MD, FRCPC, Director, eHealth Strategy Office; Professor, Department of Emergency Medicine

Harry Karlinsky, MD, MSc, FRCPC, Medical Director – BC Physician Integration Program, UBC CPD

COURSE PLANNING COMMITTEE

Anne Baldwin, Canada Health Infoway

Elizabeth Borycki, RN PhD, Associate Professor, School of Health Information Science, University of Victoria, Victoria

Lindsay Callan, Conference Director, UBC CPD

Bill Dow, Dean, School of Health Sciences at British Columbia Institute of Technology, Burnaby

Noreen Frisch, PhD, RN, FAAN, Professor and Director, School of Nursing, University of Victoria, School of Nursing

Mary Lyn Fyfe, MD, Physician & Chief Medical Information Officer, Vancouver Island Health Authority

Bruce Hobson, MD, Family Physician & Clinical Instructor, Dept. of Family Practice, University of British Columbia, Vancouver

Andrea Keesey, Project Manager, UBC CPD

Kim Lacharite, BC Ministry of Health, Health Sector IM/IT Division

Michael Lim, Assistant Director, Innovations & Technology, eHealth Strategy Office

Brenna Lynn, PhD, Executive Director, UBC CPD

Bob Nakagawa, B.Sc. ACPR, Registrar, College of Pharmacists of BC

Helen Novak-Lauscher, PhD, Assistant Director of Research, eHealth Strategy Office

John Pawlovich, MD, Primary Care Physician, Carrier Sekani Family Services & Northern Health & Clinical Associate Professor, Dept. of Family Practice, University of British Columbia, Vancouver

Darryl Samoil, MD, CCFP, Executive Medical Director-informatics, FHA

Paul Shrimpton, B.C. Ministry of Health, Health Sector IM/IT Division

Jeremy Smith, PITO Program Director, BC Medical Association

Steve Wong, MD, Medical Director of Practice Change, UBC CPD

Tom Ying, RN, Vancouver Coastal Health, Project Assistant/Coordinator, InspireNet, & Data Analyst, Vancouver Coastal Health
1st Annual BC eHITS Registration
May 9, 2014

QUICK POLL!

What is/are your role(s) in the health system? (check all that apply):
- Health practitioner
- Health administrator
- Policy or governmental position
- Educator
- Researcher
- Student
- Other :_____________________________

Which of the following best describes you in terms of your relationship with ICTs (information and communication technologies)?
- **Innovator/Champion**: I am consistently on the cutting edge of technology. I have either developed or worked on some form of technology innovation or project.
- **Super User**: I love technology. Computers and other ICTs are a major part of my work and leisure. I often help others with technology.
- **Average user**: Proficient. Computers are part of my life, and I function as well as most. Novice: I know enough to get my email and put a word document together. I often need help (e.g., downloading software, logging in to different sites, etc.)
- **Technophobe**: I dislike and avoid using computers and other technologies.

If applicable, what is your health profession?
- Dentist
- Dietician
- Nurse - RN
- Nurse - LPN
- Occupational therapist
- Pharmacist
- Physician - GP/family practice
- Physician - Specialist (please note specialty)
- Physiotherapist
- Psychologist
- Social worker
- Other :_____________________________

What is your primary practice setting?
- Community
- Group practice or clinic
- Hospital
- Residential Care
- Other :_____________________________
- N/A

Are you a fellow of the Royal College of Physicians and Surgeons of Canada (RCPSC)?
- Yes
- No

If yes, please list your specialty:

___________________________________________________________________________

Are you a fellow of the Royal College of Physicians and Surgeons of Canada (RCPSC)?
- Yes
- No

If yes, please list your specialty:

Personal Information is collected on this registration form pursuant to section 26 of the Freedom of Information and Protection of Privacy Act, RSBC 1996 c. 165. Information is used for the purposes of facilitating the conference and collecting aggregate statistics. UBC CPD publishes a participant list for the course that includes the participant’s name and city. Please check the box below if you DO NOT wish to have your information included on the participant list:
- I DO NOT CONSENT to being on the participant list

All participants registered for UBC CPD courses are included on the mailing list for future programs. If you DO NOT wish to have UBC CPD course brochures mailed to you, please indicate below.
- I DO NOT wish to be on the UBC CPD mailing list

PAYMENT

Credit Card Number  Expiry Date

Name of Cardholder  Initials

*No refunds or transfers, unless you cancel by May 1, 2014 for a fee ($50).
HANDS-ON EXHIBIT SHOWCASE

The best way to learn is to try *using it* so we have arranged a hands on showcase at the conference to do just that!

Try out new technologies, see demonstrations, and have experts walk you through the innovative technologies now available in BC!
