**NRP (NEONATAL RESUSCITATION PROGRAM)**  
**Wed Oct 2, 2013**  
Shaughnessy Auditorium, BC Women’s Hospital  
Max: 16

For hospital staff who care for newborns at the time of delivery, including physicians, nurses, respiratory therapists & registered midwives.

- Jointly sponsored with the American Heart Association (AHA).
- Designed to teach an evidence-based approach to resuscitation of the newborn. Since the inception of the NRP in 1987, over 3 million individuals in the US and a countless number of individuals abroad have been trained in NRP. The 6th Edition, released in 2011, is based on simulation methodology, enhancing development of critical leadership, communication and team work skills.

Completion of the program does not imply that an individual has the competence to perform neonatal resuscitation. Each hospital is responsible for determining the level of competence and qualifications required for someone to assume clinical responsibility for neonatal resuscitation.

**Course Materials**

Local registrants may contact BCWH to purchase the book, $70  
BCWH Dept of Family Practice Admin Office  
Women’s Health Ctr Bldg  
Room D209A, 4500 Oak Street, Vancouver BC

**OB ULTRASOUND**  
POCUS-OB (Third Trimester Point-of-Care Obstetrical Ultrasound Course)  
**Sat Oct 5, 2013**  
1000-1600 Approx.  
The Marriott Pinnacle Hotel  
Max: 16

Designed specifically for rurally-based family physicians who provide obstetrical care to patients and who want to improve management of patients in the third trimester.

Participants will be given many opportunities to practice on live models in order to determine basic indications such as fetal presentation, fetal cardiac activity, amniotic fluid volume, multiples, and placenta position. Course instructors are certified and experienced bedside ultrasound practitioners who will work with participants both one-on-one and in small groups.

Presented by the UBC Division of Continuing Professional Development, Rural CPD Program. *Please note: Course participants are required to read the course manual and complete a self-quiz prior to attending the course.*
