16TH ANNUAL PEDIATRIC EMERGENCY MEDICINE UPDATE

MAY 3-4, 2019

FRI-SAT

APLS: THU MAY 2

UBC ROBSON SQUARE
VANCOUVER BC

CONFERENCE OVERVIEW

THEME: Care of the Complex Child in the Emergency Department

The Division of Emergency Medicine at BC Children's Hospital and UBC Continuing Professional Development present the 16th Annual Pediatric Emergency Medicine Update for Pediatricians and Emergency Physicians. The 2-day conference highlights the latest trends in the practice of pediatric emergency medicine in urban and rural settings.

Pre-Conference Course: APLS Course (Simulator-Mediated Advanced Pediatric Life Support) will be offered on Thu May 2

TARGET AUDIENCE

- Pediatricians
- Emergency Physicians
- Family Physicians
- Residents

1330	Small Group Workshops II	
	D <i>Lost</i> : Children with Medical Complexity in the ER- A Case Based Approach	Esther Lee
	E <i>Leave No Trace</i> : EKG's in Children	Anas Manouzi
	F <i>Fahrenheit 451</i> : Burn Management in Children	Erika Henkelman
1430	Small Group Workshops II Repeat	
1530	Complete Evaluations	
1545	Conference Ends	

CONFERENCE COORDINATOR

Navid Dehghani, MD, FRCPC, FAAP. Clinical Associate Professor, Division of Emergency Medicine, Department of Pediatrics, UBC

PLANNING COMMITTEE

Lindsay Callan. Conference Services Director, Division of Continuing Professional Development, Faculty of Medicine, UBC

Joseph Copeland, MD, CCFP (EM). Clinical Assistant Professor, Department of Emergency Medicine, UBC

PRESENTING FACULTY

Kathryn Armstrong, MD, MBChB. Investigator, BC Children's Hospital; Clinical Assistant Professor, Division of Cardiology, Department of Pediatrics, UBC

Priya Bhangoo, MD, FRCPC, FRCM(UK), MRCPCH(UK).

Karen Black, MD, MSc, FRCPC (PEM). Clinical Associate Professor, Division of Emergency Medicine, Department of Pediatrics UBC

Tyler Black, MD, FRCPC. Clinical Assistant Professor, Child and Adolescent Psychiatry, Department of Psychiatry, UBC

Melissa Chan, MD, FRCPC. Pediatrics, BC Children's Hospital

Navid Dehghani, MD, FRCPC, FAAP. Clinical Associate Professor, Division of Emergency Medicine, Department of Pediatrics, UBC

David Dix, FAAP, FRCPC, MBChB. Investigator, BC Children's Hospital; Clinical Professor, Division of Hematology and Oncology, Department of Pediatrics, UBC

Paul Enarson, MD, PhD, FRCPC. Division of Pediatric Emergency Medicine, BC Children's Hospital; Clinical Assistant Professor, Department of Pediatrics, UBC

Ran Goldman, MD, FRCPC. Co-Head, Division of Translational Therapeutics and Professor, Division of Emergency Medicine, Department of Pediatrics, UBC; Senior Associate Clinician Scientist, BC Children's Research Institute

Erika Henkelman, MD, FRCSC. Plastic Surgery, BC Children's Hospital; Clinical Instructor, Department of Surgery, UBC **Joseph Lam, MD, FRCPC.** Clinical Associate Professor, Department of Pediatrics, Associate Member, Department of Dermatology and Skin Science, UBC

Esther Lee, MD, FRCPC. Division of General Pediatrics, Department of Pediatrics, UBC

Tom Liu, MD. Clinical Instructor, Department of Ophthalmology and Visual Sciences, UBC

Deepak Manhas, MD, FRCPC, FAAP. Clinical Assistant Professor, Division of Neonatology, Department of Pediatrics UBC

Anas Manouzi, MD, FRCPC. Fellow, Pediatric Emergency Medicine, BC Children's Hospital

Garth Meckler, MD, MSHS. Investigator, BC Children's Hospital Division Head, Division of Pediatric Emergency Medicine, BC Children's Hospital; Associate Professor, Department of Pediatrics, UBC

Badri Narayan, MD, FRCPC. BC Children's Hospital

Claire Seaton, BMBCh, FRCPC. BC Children's Hospital, Clinical Assistant Professor, Division of General Pediatrics, Department of Pediatrics, UBC

Hal Siden, MD, MHSc, FRCPC. Medical Director, Canuck Place Children's Hospice and BC Children's Hospital; Investigator, BC Children's Research Institute; Clinical Professor, Division of General Pediatrics, Department of Pediatrics, UBC.

Dzung Vo, MD, FAAP, FSAHM. Division Head, Division of Adolescent Health and Medicine, Department of Pediatrics, BC Children's Hospital and UBC ; Clinical Associate Professor, UBC

APLS (SIMULATOR-MEDIATED ADVANCED PEDIATRIC LIFE SUPPORT)

Optional Pre-Conference Course

Thu May 2, 2019

Location

BC Children's Hospital
(Room E6 - 6th Floor of BC Women's Health Centre)
The Provincial Simulation Center
4480 Oak Street, Vancouver, BC V6H 3N1

Requirement

Successful previous completion of PALS or APLS course is recommended. Physicians who are routinely involved in the care of critically ill or injured children, including emergency room physicians, pediatricians, senior emergency medicine, pediatric trainees.

Cost

Course: \$825

APLS 5th Edition Manual (including shipping): \$165

Maximum Registration: 24

Credits

This activity is an Accredited Simulation Activity (Section 3) as defined by the Maintenance of Certification Program (MOC) of the Royal College of Physicians and Surgeons of Canada, and approved by UBC CPD. You may claim a maximum of **16.0** hours (credits are automatically calculated). This Assessment program meets the certification criteria of the College of Family Physicians of Canada and has been certified by UBC CPD for up to **16.0** Mainpro+ credits.

CONFERENCE VENUE

UBC Robson Square
800 Robson Street (at Howe Street)
Vancouver BC V6Z 3B7

robsonsquare.ubc.ca

UBC Robson Square is located in downtown Vancouver on Robson Street between Hornby and Howe Street.

Description

Designed to train physicians to assess and manage critically ill children during the first hour in the emergency department. The aim is to help the clinician detect an imminently toxic child and institute treatment without delay.

The course consists of:

1. Presentations: pediatric assessment, maltreatment, surgical emergencies, orthopedic trauma, and common toxins and poisons.
2. Simulator-mediated practical skills stations: assisted and mechanical ventilation, advanced airway, vascular access intraosseous and central, and chemical electrical cardioversion.
3. Case-based discussions: respiratory emergencies, shock, Central Nervous System problems, pediatric trauma, and neonatal emergencies.
4. New: 2015 Resuscitation Guidelines highlight.

This APLS course is unique in North America as it incorporates the simulator in the skills stations and small group discussions. The participants will work in teams on a pediatric and a neonatal simulator to resuscitate critically ill children and neonates in various real life scenarios. The 2015 resuscitation guidelines will be reviewed and practiced in the simulated scenarios.

Required preparatory work involves pre-reading The Pediatric Emergency Medicine Resource, Fifth Edition. Upon successful completion of the course, the participant will receive the American College of Emergency Medicine (ACEP) Certificate. In order to obtain the ACEP certificate,
